

Billy Corner 1483

- J Brooks + S Bishop - Lane - Winchester - sent email 3/16.

→ Sun Chemical here today - 3/16 -

focus group → CLT if warranted by focus group on 3/29 -

Wanted something to let know when going out -  
really shows when it's lit + cooling down

Worthwhile after the first few products?  
or gimmick?

Include a card w/ info - visual cue indicator  
to tell you when lit + when cooling off

Joe Andrews or Linc Lewis.

Linc - 0833

Joe - 0726
